

Plaque to Alice Towbridge Strong

Location: In the Bishop's Garden in the wall above the Upper Perennial border, near the Medlar (*Mespilus germanica*) tree

The bluestone plaque was placed in the garden wall in 1988 by All Hallows Guild in memory of Alice Strong – a past Guild member and Garden Committee Chair. The Hon. and Mrs. Lester Corrin Strong were generous contributors to the Cathedral. Mr. Strong was the U.S. Ambassador to Norway (1953 – 1957) and was a member of the Cathedral Chapter. Mrs. Strong designed the Rosalind Wright Memorial fountain.
